Dear Sir:

In response to the Office Action dated August 21, 2001, please amend the above-identified U.S. Patent application as follows:

In the Claims

5. (Amended) A musical tone signal generation apparatus accommodated for multiple users to play music in an ensemble, comprising:

a main unit;

a plurality of performance operators, each of which is physically separated from the main unit and is manually operated by each user to issue tone-generation instructions, wherein at least one of the plurality of performance operators is configured as a hold operator
